

keep your home **SECURE**

Make your home appear occupied when out or away - use timer switches or leave a light on. Keep keys and valuables in a safe place away from windows and doors.

Use the locks you have on all doors and windows. Keep medication and valuables secure. Lock away ladders and garden tools. Do not leave keys in 'hiding places' outside your home.

Be a good neighbour. Be vigilant and on the lookout for suspicious activity in your community. If you're in any doubt, contact Crimestoppers using the telephone number below.
